# DESIGNED FOR GREAT MOMENTS ●

We all want to be the best parent we can for our children. To take care of their needs and to protect them. My Leander journey began in 1998 with a desire to create safe, beautiful and durable furniture for children and their parents. Furniture that begins with your child's needs. Furniture that encourages movement, play and creativity. And makes life a little easier.

Being committed to our Danish design heritage, quality craftsmanship, unique details, shape and function are at the heart of everything we do at Leander. Because we believe that great design - when it's simple and functional - has the power to make a positive difference in the everyday life of children and their parents.

# THE CRADLE ●

Your newborn baby needs a lot of sleep to grow and develop. The Leander cradle is designed to keep your baby safe while stimulating the senses. The cradle is fixed in a one-point suspension and is therefore free to sway gently in any direction. A natural sensation your child knows from the womb. The familiar movements have a soothing and relaxing effect that stimulate your baby's senses, balance and motor skills. It may not give superpowers, but it's pretty cool.

## SWEET DREAMS AND SAFE SLEEP

- Suitable for babies aged between 0 and 6 months
- Rounded, organic shape to keep your baby safe

## INTELLIGENT AND TIMELESS DESIGN

- One-point suspension to provide a soothing rocking motion, just like inside the womb
- The calm movement stimulates the child's development, motor skills and creative senses

## SLEEPING COMFORT

- The cold foam mattress fits the cradle's oval shape perfectly and ensures optimum comfort and ventilation for your child
- The cradle's gentle movements and its oval shape create a calm and secure space for your baby

## MATERIALS AND SAFETY

- Approved according to European Child Safety Regulations and Standards
- The cradle's lining and mattress cover are made of cotton and are machine washable at 60°C
- The cradle is made of a steel frame and cotton fabric. The tripod is made of aluminium
- Tested and approved for 10 kg

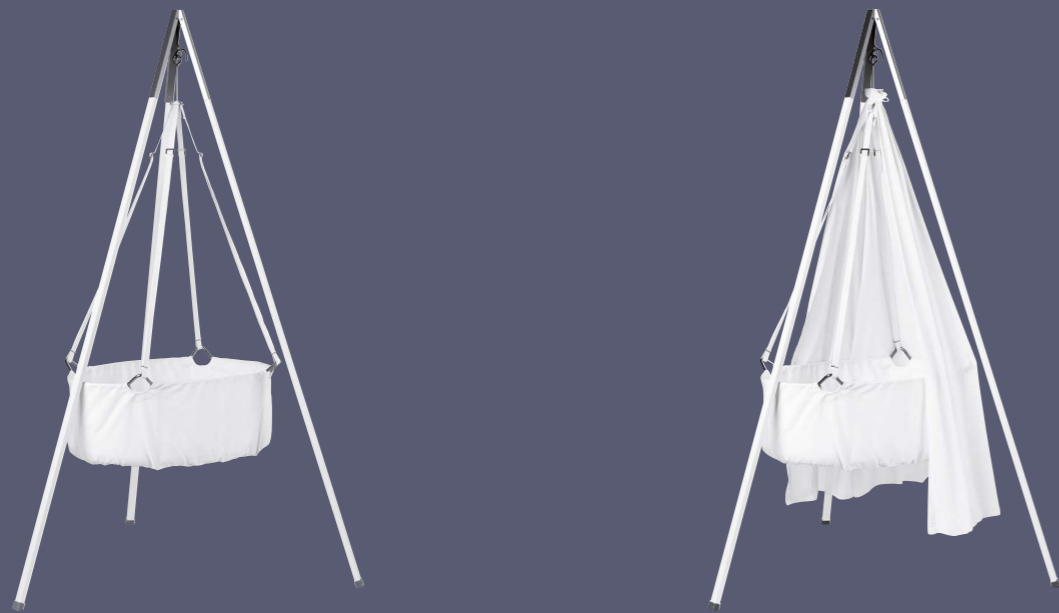

## DIMENSIONS

- Cradle: H: 30 cm, W:50 cm, L:83 cm
- Tripod: H: 197 cm (with telescopic tube in one size: 239-272 cm)  
W: 120 cm

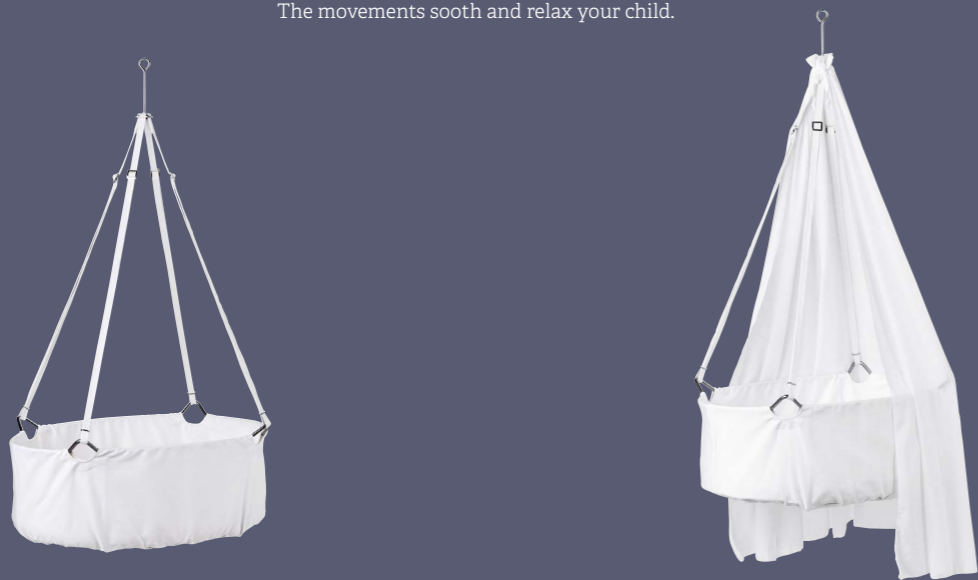

## A SAFE SLEEPING SPACE

The cradle is free to sway gently in any direction – both when it is suspended in the tripod or a hook in the ceiling. The movements sooth and relax your child.

## THE BABY-JUNIOR BED ●

A good night's sleep is important. It helps your child to grow and recharge. The Leander baby-junior bed provides a safe and comfortable sleeping space for your child. And the beautiful oval shape is designed to last and evolve in size as your baby becomes bigger.

Gradually as your child grows and learns to stand, the size of the cot can be adjusted from high to low - with minimal work and tools. And a few years later, when your child is ready for a new bed, the toddler bed converts to a beautiful junior bed – using only a few extension parts.

### SWEET DREAMS AND SAFE SLEEP

- Suitable for children aged 0-7 years
- Designed to embrace your child and to create a safe sleeping space

### INTELLIGENT AND TIMELESS DESIGN

- Solid, "flat" bars - designed and cut in one piece
- Easy to assemble and adjust to your child's needs
- Five-in-one bed design

### SLEEPING COMFORT

- To ensure optimum sleeping comfort, use an original Leander mattress
- Optimised air circulation with drilled holes in the bed base

### MATERIALS AND SAFETY

- Approved according to European Child Safety Regulations and Standards
- The weight of the bed minimises the risk of tipping, if your child tries to crawl over the barred section
- Moulded beech and FSC-certified wood
- Finished with water-based lacquer
- Tested and approved for up to 100 kg

### DIMENSIONS

- Baby cot: H: 94.5 cm, W: 70 cm, L: 120 cm
- Junior bed: H: 54.5 cm, W: 70 cm, L: 150 cm

Harmonious design uniting shape and function

5 unique settings – from baby cot to junior bed

Bumper, sheets and top mattress in quality fabrics that fit the bed's rounded shape

The original Leander mattress ensures optimum comfort and air ventilation

Rounded curves that embrace your child and create a safe sleeping space

Made from moulded European beech wood from sustainable forests

Solid "flat" bars – designed and cut in one piece

Designed to follow your child for many years – which creates a comfortable and familiar sleeping environment

## DETAILS THAT MAKE A DIFFERENCE ●

Paying special attention to small details can take a design from “ok” to “excellent” and beyond. At Leander, the goal of embracing details is to make furniture that makes a positive difference for you and your child. To us, design is a passion. A way of thinking that influences every decision. From our choice of moulded beech wood from sustainable forests to the use of traditional craftsmanship.

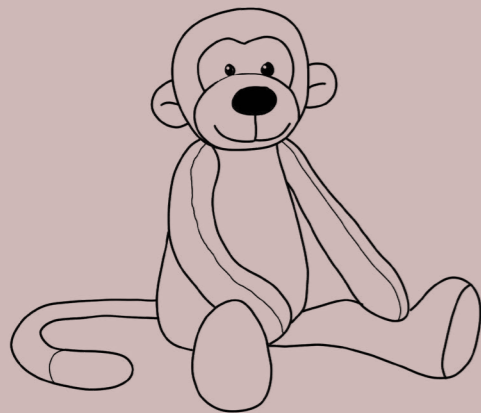

LET'S HEAD  
FOR NEW  
ADVENTURES

# ORIGINAL LEANDER MATTRESSES ●

You can help your child to sleep well and wake up happy with a safe and comfortable sleeping environment. All Leander mattresses are made of high quality materials and are suitable for children with allergies.

With a length of 79 cm and a width of 49 cm, the cradle mattress is specifically designed for babies aged 0-6 months. The baby mattress is recommended for children aged 0-7 years. It features a firm side for babies and a softer side for growing toddlers – this allows you to match the firmness of the mattress to your child's weight. The baby mattress is 116 cm long and 66 cm wide. By adding the Leander footrest, you convert the mattress to a junior mattress.

## ● LEANDER COMFORT CRADLE MATTRESS

- Optimum ventilation and breathability thanks to vertical air channel
- Mattress core in pressure-relieving soft foam
- Highly moisture absorbent thanks to integrated wetness protection (TENDEL®)
- The cover is removable, washable and suitable for gentle dryers

## ● LEANDER COMFORT+7 BABY MATTRESS

- Optimised ventilation and breathability thanks to vertical air channel
- Mattress core in pressure-relieving soft foam
- Highly moisture absorbent thanks to integrated wetness protection (TENDEL®)
- The cover is removable, machine washable and suitable for gentle dryers

## ● LEANDER PREMIUM+7 BABY MATTRESS

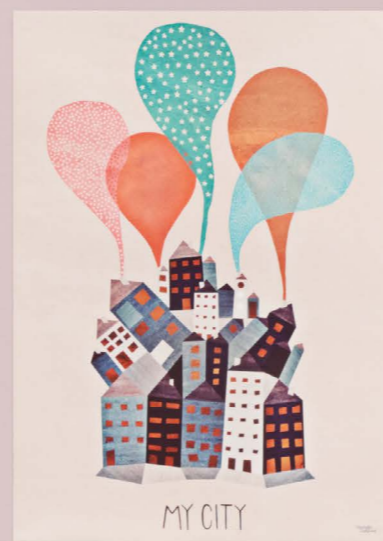

- Superior ventilation and breathability thanks to Cellflex foam – a premium foam material
- Highly moisture absorbent thanks to integrated wetness protection (TENDEL®)
- The cover is removable, machine washable and suitable for gentle dryers

## ● LEANDER ORGANIC+7 BABY MATTRESS

- The natural and organic core of coconut coir acts like thousands of tiny springs that reduce pressure points and provide even support
- A breathable layer of 100% pure natural, organic latex creates a supple and comfortable support that is free from chemicals and extremely durable
- Layers of natural, organic fleece wool help regulate your baby's body temperature while dispersing any moisture. This helps to keep the bed clean and fresh
- A luxurious, chemical-free and non-removable Herringbone cotton cover holds everything in place and enhances the breathability of the mattress

## THE DRESSER ●

Yes, it is possible to have kids and a tidy kid's room. The Leander dresser is designed with your child's needs in mind. Each drawer has soft-close – to protect small fingers. And there are no sharp edges. With two large and two small drawers, it's perfect for storage. Of dresses and trousers. Soft toys and books. The design is subtle, functional and perfectly fits the Leander bed.

### FUNCTIONAL STORAGE

- 2 large and 2 small drawers with soft-close

### INTELLIGENT AND TIMELESS DESIGN

- Soft-close to protect small fingers
- Soft round edges
- Drawer front milled from one single piece of wood, giving a simple, streamlined look

### MATERIALS AND SAFETY

- Approved according to European Child Safety Regulations and Standards
- Made of MDF
- Finished with water-based lacquer
- Replaceable handles – in leather or felt

# THE HIGH CHAIR ●

When your child starts to sit, it's time for a highchair. A highchair should support your child and fit their needs. And let's be honest, most children rarely sit still, do they? The Leander high chair is slightly springy which means it adapts to the movements of your child. This makes your child more relaxed while sitting at the table.

The backrest, seat and footplate are fully adjustable to ensure the best sitting posture and comfort. In fact, the chair can even be used by adults. Simply switch the foot and seat plate to ensure proper sitting comfort.

## PERFECT FIT AND SAFE SEATING

- The chair can be used from 6 months and also suits adults
- The slightly moulded legs provide stability and prevent the high chair from tipping backwards
- The round shape of the backrest and safety bar provides unique side support

## INTELLIGENT AND TIMELESS DESIGN

- The backrest, seat and footplate are fully adjustable, matching your child's development from baby to adult
- Stylish tray table which can be used as a dining tray and play tray can be purchased

## SITTING COMFORT

- The chair provides ergonomically correct support for children of all ages
- A light springy effect in the high chair's structure allows the chair to move with your child. This gives your child a natural sense of freedom of movement and stimulates motorics

## MATERIALS AND SAFETY

- Approved according to European Child Safety Regulations and Standards
- Made from moulded beech wood from sustainable forests
- Surface treatment with water-based lacquer for easy cleaning
- Weighs only 5,1 kg, but can carry up to 125 kg, making it suitable for both children and adults

## DIMENSIONS

- H: 83 cm, W: 55, D: 56 cm

Correct ergonomic support with adjustable backrest, seat and footplate

Soft and round shapes in both the backrest and safety bar embraces the child, and provides unique side support

Genuine leather and naturally tanned leather strap

The safety bar can be set in two positions so the child always has the best support possible

All surface lacquers are water-based to protect your child and the environment

Made from moulded beech wood from sustainable forests

The slightly springy effect gives your child a natural sense of movement

The depth of the slightly curved legs provides stability and prevents the chair from tipping backward

## DESIGN THAT ENCOURAGES MOVEMENT, PLAY AND CREATIVITY ●

When you are designing furniture for children, you have to design with their needs in mind. And like children, we like to explore and to be creative. To create furniture that awakens children's senses and encourages them to discover and learn new things. Whether it's through movement, sleep or interaction.

# MATTY

## THE CHANGING MAT ●

Changing nappies is part of everyday life when you have a baby or toddler in your home. A comfortable changing station is an indispensable tool that can make your life much easier.

Matty is an all-in-one changing space. At home and on-the-go. The soft cushioned mat has a contemporary design that makes your daily pit stops a real pleasure for you and your baby. The mat is easy to clean and can be placed precisely where you need it.

### INTELLIGENT AND TIMELESS DESIGN

- Made with water repellent and hygienic PUR
- Slip-resistant base that keeps the mat on the changing table or a smooth surface
- Contemporary design with soft curves
- Moulded PUR which gives the design a simple and clean look

### COMFORT

- Made from the soft and comfortable foam material, PUR
- High sides to prevent your baby from rolling off the mat

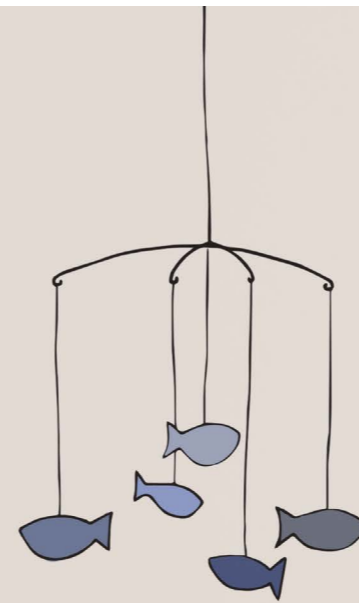

### MATERIALS AND SAFETY

- Approved according to European Child Safety Regulations and Standards
- Water repellent and easy-to-clean surface
- Free from unhealthy endocrine disruptors

### DIMENSIONS

- H: 11 cm, W: 50 cm, L: 70 cm

Raised head area to protect your child against head bumps

Free from unhealthy, endocrine disruptors

Made from soft and comfortable foam (PUR) that provides maximum comfort and support

High sides that keep your baby safe and comfortable
